Hunter , I'm in a near panic, we got nothing in Feb! I sure you are sleeping and not up, but when you are please respond. The last time we spoke , you were going to text me the state of play. Did K cut us off in Feb? I thought you had said that \$ were wired into your account , 82.5 was on its way. We can't find any record that was sent. Did I miss something? I won't be able to close on Fla. on the 23 rd! I realize that you have no control over what we have access to , and I realize that this is in no way your fault. But if it didn't come in and we have no access , I'm completely fucked , as I'm sure you are too. What a perfect time to be in Asia!!! When you wake please get back to me.

I understand nothing, you were going to send me an overview of what has happened. We're monies wired last mo. , Yes or no? In you judgement, Re NYC are we finished , yes or no? The only (what's app I've received is (" I am trying as much as I can U Jim") nothing else has come thru! If it is no , then it is no! I was under the impression that we could withdraw 10! A day without any trouble, is that not the case? Hunter , I trust that you are doing everything in your power to make this happen. I'm on a ship in form Burma with very bad cell service. A trip from hell. Please try to call or re send something. I'm completely in the dark! This is not your fault or mine. You are my only friend in the world. It appears that you tried sending something, but the only thing that came thru is what I quoted. You can only do so much! I'm not faulting you for anything. You are my friend and I love you very much. I'm on this F ship in dock for the next 36 hrs. Please try as best you can to reach me. We are on the same team. I'm not attacking you in any way . Please , do not misinterpreted what I am asking!! Too much pressure all around! Love , U Jim

Send 48 hr notice. Let's keep it simple follow the law and the contract, the end period. We have lived up to every stipulation in the contract, let's resolve this. You have been reasonable, you simply want this resolved. They have done us harm. For them to just decide to pursue opportunities in the U S was their decision. From LNG to in-fracture projects we presented them with, they decided to pass. We need to in a non- confrontational way resolve .

I'm been trying you all day! We need to talk, it's Monday night, call me before 9:00 am. Mervin will be calling me re call with Kevin. To state the obvious I would not talk to them until I spoke to you 1st.

Where are you? What if anything do you want me to tell / say to Mervin. For all I know is you are in negotiations as we speak. If your are obviously fine, if you are not , I look stupid either way. We will talk only when you are ready, to state the obvious. When Mervin call me again this morning, I simply say you must be traveling. He, Mervin, tells me he want to work something out off shore. He is sorties for his job. I see an opportunity, I'm probably wrong.

I'm going to tell him when he calls. That you are with you father. And that we should set up call for next week. I'll call him or you on Monday of next week to set up a call. You must be tied up, that's the only thing that makes any sense??? Call or text when you can. I'm assuming you don't have your phone. U Jim

Hunter, I'm begging you to reach out to me! I assumed you were getting H some help and were off the grid. Your father just called me and said you were in Annapolis. I would very much like to talk with you about many things , personal and what you/ we are planning with the C. They have reached out to me several times Mervin/ Kevin requesting a conference call. If it's over its over. But if there is any chance to salvage a relationship , from where I'm sitting , we must engage. You may already be in negations , if so , I'll just back off. Simply please just let me know. I love you , U Jim.

I told Kevin, that it was critical to the timing, that you had to meet Mervin today, in NYC ! , to pass along Documentation that he requested (very specific) , for you meeting on Monday. Mervin has to forward in a secure way, which Kevin said he was capable of doing. You must also have, a very specific conversation, that Kevin recommended , re his employment with H W . You/ Mervin , were going to convey to Jackie , that should will be fired after Kevin's meetings in Sh....., is resolved. She is not to be told until everything is wrapped up. Also as per Kevin's direction. I would text/email/ phone Mervin , and tell him that Kevin, in very adamant that you meet in person , to resolve all issues. With the realization, that Kevin is 13 hrs ahead, and need all issues resolved. Kevin has already made his plans to be at Headquarters on Monday, the 19th, and to have resolved on same day!!!! The sooner Kevin can review Doc's , if there are and revisions that have to be made , he ca clean up, before his meeting.

Please calm down. I want you to think seriously about whether there is any issue with the partnership. Regarding the future of the partnership, you need to talk to our friend when convenient

Monday 3:23 PM

Please let me know when friend is available Kevin. I promise you I am calm and focused. My frustration is that I am feeling very much disconnected from my partners and completely in the dark as to our future and present to be honest. As you and he know I have given up all other sources of income to pursue the interests of HW3 by developing projects to the joint benefit of both my home and yours. Everything I have done as well as Jim has been beyond reproach. I have absolutely nothing to hide or be concerned about relating to my work towards furthering the above

I said during our call, "I wasn't able to get in touch with him for two months", "I can't leave China". How more explicitly you want me to say?

As a friend, my advice for you is to pursue other opportunities or source of income at this moment. This JV is beyond anyone's control, including your friend

Yes understand Kevin. How more explicit do I need to be than to say we don't have a JV s have a partnership in the form of an LLC and I have an account at Cathay Pacific

Which is mine to access as I please regardless of my partners decision to withdraw from active participation.

I plan to go forward with the intent of the LLC and plan to utilize MY capital which my partner committed to this endeavor.

I'll let you know how to affect your removal from the board as well as Mervyn's.

I am your friend Kevin above all else

And Kevin I have no problem with you or Mervyn. I have truly enjoyed working along side you and I am saddened that we will not be doing so going forward.

One thing I would like you to help me wish despite your lack of knowledge or involvement in is access to the retainer paid to me for my legal services.

That's important for the purposes of my representation

2:31 PM

Kevin- please respond

February payment from OUR joint account has not been made nor has Jim's expenses been paid. Please make certain those wires are sent ASAP.
